CONFERENCE GUIDE

GFAN engagement during AIDS22 is centered on three spaces:

- Our Meeting Space in the Embassy Suite hotel, across the street from the Palais des Congrès where we host events and sessions from **Thursday July 28th** to **Monday August 1st**;
- Our Networking Zone in the Global Village, in booth **GVE077**, where we host sessions from **Saturday July 30th** to **Monday August 1st**;
- We will host a civil society pre-meeting in another nearby hotel, Le Saint-Sulpice Hotel. **The pre-meeting will take place on Thursday July 28th from 4:30 PM to 6:45 PM.**

We hope to see many of you in these three spaces! In the guide below, we highlight key sessions related to community engagement in Global Health and HIV Science, to the 7th Replenishment and the Global Fund, and emerging topics and issues. We have organized them on the basis of where they take place (one of our space, or the main conference rooms). You can of course also go check our full program on our website.

There is enough there to keep you busy the whole conference, but of course do take a look to the complete conference program to make sure not to miss sessions on a topic close to your work or your heart.
