**Robyn Waite**

Dr. Robyn Christine Waite (She/Her) is the Policy and Advocacy Lead for the #2023TBHLM Affected Communities and Civil Society Coordination Hub. She is currently working as an independent consultant and squarely focusing her efforts on applying community building, project management, research, and advocacy skills to the fight to end TB. Before setting out on her own, Robyn worked with Results Canada, where she started as a TB Campaigns Officer and grew into the role of Director of Policy and Advocacy. During her tenure, she played a leading role in building and coordinating a high-impact coalition of 14 Canadian based CSOs engaged in advocacy in support of the Global Fund’s 7th Replenishment. She has also demonstrated initiative and commitment to the cause and community through successful efforts to reinvigorate the Stop TB Canada network, as well as support with driving the progress of a global initiative to capture the experience of the pandemic amongst key TB stakeholder groups. Dr. Waite holds a PhD in Development Studies from SOAS, University of London; a MSc in Global Health from McMaster University, a Graduate Diploma from the United Nations University Institute for Water, Environment and Health; and a BSc in Health Promotion from Dalhousie University. When she isn’t fighting for what counts, you can typically find her cat sitting, spending quality time with family, or outdoors doing something fun and active!
